

lib/my/src/printf/my
_unputnbr.c

```
graph TD; A["lib/my/src/printf/my_unputnbr.c"] --> B["my.h"]; B --> C["stdarg.h"]; B --> D["stdlib.h"];
```

The diagram illustrates a dependency structure. At the top is a gray rectangular box containing the text 'lib/my/src/printf/my_unputnbr.c'. A blue arrow points from the bottom of this box to a white rectangular box in the center containing 'my.h'. From the bottom of the 'my.h' box, two blue arrows branch out to two separate white rectangular boxes at the bottom: 'stdarg.h' on the left and 'stdlib.h' on the right.

my.h
